

## FAQs MAI:COMPANY English

### 1. How does the registration process work?

The rehearsal process is bound to a maximum number of participants due to room capacities. We have therefore devised the following registration procedure:

- Please only register using this form here.
- If we receive more registrations than there are places available, we will draw lots to decide who can take part. In this case, the principle of ‘first come, first served’ **does not apply**, but a lottery procedure.
- There will be a registration phase from 01 to 06 July. You will receive feedback on 15 July as to whether you are taking part.

**Very important: In order for everything to run smoothly, we are dependent on your help and your binding participation planning. Please ONLY register for the Thursday rehearsals (17:30-21:30) if you can be there on Thursdays.**

If you have any questions, please contact us by email:

### 2. How does MAI:COMPANY handle the allocation of places?

In order to enable as many people as possible to participate with equal opportunities, we allocate most places by drawing lots. We have asked for various criteria when registering, as we draw lots within clusters to ensure that people of different ages, genders, life situations, etc. are included. In addition to the places drawn by lot, we reserve a few places for participants from Patricia Carolin Mai's previous projects. They help to develop a structure that is sustainable from within. Our decisions are made with the aim of creating space for new perspectives, while at the same time promoting continuity and collaborative learning. Even if you are not actively involved this time, you will remain part of the history and impact of MAI:COMPANY. Your contribution will continue to have an impact. And there will be another opportunity to register for future projects.
